ANISA ANUAR

Hello! I'm Anisa. I am a developer by trade and a designer at heart. Throughout my professional life, I've managed to combine my skills and interests in both software engineering and user-centered design. I have an affinity for solving intricate puzzles (and occasionally, making them!). Above all, I am passionate about increasing accessibility, bridging gaps, and providing support for the underprivileged.

WORK EXPERIENCE

Intuit // New York, NY
Senior Design Technologist, July 2022 - Present

- Delivered high-fidelity coded prototypes across multiple product types and user profiles, resolving critical bugs same-day during testing cycles or prior to executive leadership reviews, allowing teams to move quickly and confidently
- Drove key project advancements in Generative AI initiatives with the development of early LLM-powered tools and workflows focused on innovation, exploration, and customer-centric solutions
- Acted as the sole design technology resource for churn teams, independently navigating cross-functional coordination to deliver time-sensitive updates
- Co-developed a dynamic Three.js experience for the QuickBooks homepage, leveraging Cursor to iterate on new marketing concepts and expand our internal prototyping toolkit
- Enhanced onboarding experience through story-driven interactive elements, created in partnership with visual, product, and motion design teams
- Facilitated team-building activities and workshops to strengthen connections, align objectives, and boost collaboration across designers

PayJoy // Somerville, MA
Full-Stack Software Engineer, June 2021 - June 2022
Software Engineering Co-op, January 2020 - September 2020

- Identified and built clean front-end solutions for PayJoy Cash App using a combination of TypeScript, AngularJS, and an Ionic framework
- Implemented front-end design library to streamline programming and project hand-offs while following HTML and CSS best practices
- Collaborated cross-functionally with global engineering, design, data science, risk, and operations teams to identify and implement growth opportunities for the user experience

Intuit // San Diego, CA
Experience Design Co-op, January 2019 - August 2019

- Designed high-fidelity mockups and detailed wireframes for a multi-platform online community focused on tax professionals
- Combined UX and business acumen to produce an interactive, intuitive experience while aligning visual design work to existing design pattern libraries
- Interviewed target consumers to create quality products built on user feedback
- Conducted rapid testing and experimentation to determine appropriate feature improvements in an agile environment

Nokia Technologies // Cambridge, MA
Design Coordinator Co-op, January 2018 - June 2018

- Produced animated promotional video using Adobe AfterEffects for use on web homepage and at trade shows and conferences
- Redesigned key web pages, including homepage, resulting in a 74% increase in visitor to lead conversion rate
- Built HTML email templates within HubSpot CMS for marketing use

EDUCATION

Northeastern University
Khoury College of Computer Sciences

Bachelor of Science in Computer Science and Interaction Design

September 2016 - May 2021

SKILLS

Development
HTML/CSS, JavaScript, React

Design
Adobe Creative Suite (InDesign, Illustrator, Premiere, AfterEffects, Photoshop), Figma, Procreate

LEADERSHIP

Pride @ Intuit
NYC Co-Lead, 2025-2026

- Hosted community events, keynote speakers, small business pop-ups, and watch parties for the NYC office
- Led Intuit's inaugural year walking in the NYC Pride March
- Represented Intuit at various external conferences, including Lesbians Who Tech and Out & Equal

Out for Undergrad (O4U)
Conference Director, 2024-2026

- Coordinated mentorship groups, volunteer shifts, venue technology, and scheduling across O4U Digital and O4U Engineering and Sciences conferences
- Planned and ran conference retreats to streamline responsibilities and develop trust within the team

Tech Women @ Intuit
Site Champion, 2024-2025

- Organized monthly events to build community and connection onsite for Tech Women and allies at Intuit

Out for Undergrad (O4U)
Brand & Digital Team, 2024-2025

- Created digital content, presentation templates, and graphics for the Out for Undergrad brand
